

PENDING ORDERS →

Pending Orders include orders with a status of:

- Pending: No panels in the order are available for review so far as CGM LABNEXUS is aware. (Panels may be resulted but not yet communicated to CGM LABNEXUS.)
- Pending Collection: Samples for this order have not yet been collected (the collection date is blank).
- Prelim(inary): At least one—but not all—panels in the order are resulted and available for review.

#	STAT	STATUS	REQUISITION DATE	BY	ACCESSION	EXTERNAL#	PATIENT ID	PATIENT	PROVIDER	FLAG
		Pending Collection	09/25/2020		11155		101	Test, Patient2	Labdaq, D	
		Pending Collection	09/25/2020		11156		101	Test, Patient2	Labdaq, D	
		Pending Collection	09/25/2020		11158		101	Test, Patient2	Labdaq, D	
		Pending	11/05/2020	cyj	20539	24928	9586	Duck, Daffy	Doctor, MD, T	
		Pending	11/23/2020	sd	11150	15152	9586	Duck, Daffy	Doctor, MD, T	

Items Appear in the Pending Orders Screen:

- Items appear in Pending Orders only when not all results for the order have been received.
- In other words, either no results have been received, or some—but not all—results have been received.
- During the period that some—but not all—results are in, the order will appear in both Pending Orders and New/All Results.
- Once all results have been received, orders will disappear from Pending Orders.
